Illinois Department of Commerce & Economic Opportunity

Bruce Rauner, Governor

June 30, 2017

Dear Members of the General Assembly,

The following report fulfills the statutory directive that the Department of Commerce and Economic Opportunity (DCEO) report to the members of the General Assembly on the Status of the Economic Development for a Growing Economy (EDGE) Tax Credit Program.

The EDGE Tax Credit Program is a local economic development tool that aims to promote job creation in Illinois through the award of tax credits to eligible businesses.

Since the Economic Development for a Growing Economy Tax Credit Act was passed by the General Assembly in 1999, DCEO has received 1,144 EDGE Tax Credit applications, of which 888 have been approved.

I trust that the following EDGE Tax Credit Annual Report for calendar year 2016 will be both informative and useful.

Sincerely,

A handwritten signature in cursive script that reads "Sean McCarthy".

Sean McCarthy
Director
Illinois Department of Commerce & Economic Opportunity

ECONOMIC DEVELOPMENT FOR A GROWING ECONOMY (EDGE) TAX CREDIT PROGRAM CALENDAR YEAR 2016 REPORT

The EDGE Tax Credit Program is a targeted tax incentive program that provides tax credits for businesses that create new full-time jobs, retain existing full-time jobs and make capital investments in Illinois. The EDGE Tax Credit Program is designed to help areas of Illinois that are in direct competition with other states for jobs and development.

The following report identifies the guidelines and accomplishments of the EDGE Tax Credit Program.

EDGE ELIGIBILITY REQUIREMENTS

The Illinois Economic Development for a Growing Economy (EDGE) Tax Credit Program is intended to help Illinois compete with other states for the location of job creation or retention projects.

The Illinois EDGE Tax Credit Program is operated by the Illinois Department of Commerce and Economic Opportunity. Based on a review of a written application submitted by an interested firm, the Department is authorized to designate qualified businesses as “eligible”. Eligible businesses may claim a nonrefundable and non-transferable tax credit against its state income taxes. (The amount of the tax credit is calculated based on the income taxes paid by new employees and the retained employees.)

The designation is contingent upon the business undertaking a development project that:

- Involves at least \$5 million investment in capital improvements placed in service in Illinois and employs at least 25 New Full-Time Employees within the state as a direct result of the project; or
- Involves at least a \$2.5 million investment in capital improvements placed in service in Illinois and employs at least 50 New Full-Time Employees as a direct result of the project; or
- Involves an investment in a sufficient amount to employ at least 25 New Full-Time Employees, provided the project is located within or serves a distressed area or hires low-income workers; or
- Involves an investment at a level specified by the Department in capital improvements to be placed in service; employs New Full-Time Employees within the state at a level specified by the Department; and provides substantial economic benefit to the state, as determined by the Department. The Director may approve projects that do not meet the minimum job creation and investment thresholds for an applicant meeting all other requirements in the Act, providing that one or more of the following conditions are met:
 - A) The applicant’s business is located in a distressed community with an unemployment rate which is higher than the state’s average; or
 - B) The applicant’s business is located in an area with limited economic development prospects as evidenced by prior and current development activities; or
 - C) Approval would support a business with potential to generate additional growth in the area and create jobs as a result of spin-off businesses; or
 - D) Approval would avert the loss of one of the area’s major sources of employment.
- Involves a Company with 100 or fewer Full-Time Employees whose investment will be at least \$1,000,000 in capital improvements which will be placed in service at a designated site in Illinois and employ at least 5 New Full-Time Employees at a designated site as a direct result of the project.

COMPETITORS' TAX CREDIT PROGRAMS

Illinois' primary competitors for business locations and expansions are the bordering states of Kentucky, Indiana, Iowa, Missouri and Wisconsin. These states have similarly adopted tax credits as incentives for businesses locating or expanding operations. However, other no-border states have become increasingly aggressive in seeking to relocate business from Illinois as well. The table below shows the similarities of the programs and highlights the advantage of the Illinois EDGE Tax Credit Program. The table illustrates that the EDGE Tax Credit Program is somewhat competitive with those of bordering states. Other competing states in which Illinois was chosen as the final project site include the following: Arizona, Arkansas, Colorado, Connecticut, Florida, Kansas, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Nebraska, Nevada, New Jersey, New York, North Carolina, North Dakota, Oklahoma, Pennsylvania, South Carolina, Tennessee, Texas, Virginia, and West Virginia.

Selected State EDGE-like Comparison

State	Structure	Requirements	Retention	Transferable	"But-for"
Indiana (EDGE)	Credit based on percentage of expected increased tax withholdings generated by new jobs created	No minimum for jobs created; duration of credit may not exceed 10 years. Business must remain established in IN for at least 2 years after receiving final tax credit	Provision for retention includes stiffer guidelines	Yes	N/A
Iowa (High Quality Jobs Program)	Provides tax credits and/or direct financial assistance which includes loans, tax exemptions and/or refunds	In order to qualify to participate, eligible businesses must meet certain wage threshold requirements; The amount of the potential tax incentives varies by amount of investment in relation to the number of jobs created/retained	Retained jobs can qualify the business for the incentives, though wage thresholds apply	Yes	N/A
Kentucky (Business Investment Program)	Provides corporate income tax credits and wage assessments (subsidies drawn from employee wages)	Create a minimum of 10 new full-time jobs for Kentucky residents. Maintain an annual average of at least 10 new, full-time jobs for Kentucky residents	No provision for job retention	No	No

Missouri (Missouri Works Program)	Benefits are either the retention of State withholding tax and/or State tax credits	Minimum of 2 new jobs or retention of 50; these are paired with minimum new capital investment requirements and wage thresholds	Retention requirements differ slightly from creation requirements	Yes	Yes
Ohio (JobsOhio Economic Dev. Program)	Reimbursement based grants for business expansion/job creation	Requires the creation of new jobs during a 3 year period; limited specifics provided	May consider providing grant assistance for job retention	No; grants are provided as opposed to tax credits	No; grants are provided as opposed to tax credits
Wisconsin (Economic Dev. Tax Credits)	Transferable tax credit against Wisconsin tax liability	Limited specifics provided; credits are based on number of jobs created/retained, capital investment placed, wage range and training costs	Yes, credits are provided for job retention activities	No	Yes, tax credits can be transferred
California (California Competes Tax Credit)	Credit against corporate income tax liability	Credit amount based on many factors including: number of jobs created & retained, capital investment, compensation of the jobs, etc.	Yes, credits are provided for job retention activities	No	No
Georgia (EDGE)	Grant & loans for business expansion and job creation & retention activities	Assisted businesses will be held accountable for agreed upon capital investment and number of created or retained jobs.	Yes, retention of jobs is eligible for grant consideration	No; grants & loans are provided as opposed to tax credits	No; grants & loans are provided as opposed to tax credits
New York (Excelsior Jobs program)	Four fully refundable tax credits against various New York taxes	Job requirements differ depending on the industry. Anywhere from 10 new jobs for a tech company to 300 new jobs and \$6 million capital investment for a larger firm.	Yes. Limited specifics provided, but job retention is an eligible activity.	Yes	No

GOVERNOR RAUNER'S EDGE POLICY CHANGES

Since taking office, Governor Bruce Rauner and the Illinois Department of Commerce and Economic Opportunity have implemented a number of policies to ensure a more fiscally-responsible approach to EDGE agreements in order to attract investment in Illinois while also optimizing the benefits to taxpayers. In addition, the Department has moved towards better government and transparency to provide better insight into the use of taxpayer funds by making EDGE tax credit incentive agreements available online.

Policy changes include:

1. Increasing transparency of the program by posting signed EDGE agreements online within 10 days of the project being secured in Illinois. All available Rauner administration agreements were made public on March 16, 2017, and the online portal will continue to be updated within ten business days of official notification that a project has been secured in Illinois.
2. No longer supporting "Special EDGE" or monetized tax credit agreements.
3. No longer providing tax credits for job retention, only for capital investment and net new job creation.
4. Requiring that tax credits can only be obtained for jobs created above a baseline of all existing employees located within the State, rather than just the baseline of employees located at the specific project location. This policy eliminates the possibility of an employer reducing statewide employment levels through layoffs or site closures at facilities other than the project site and still receiving tax credits for the facility listed in the EDGE agreement.
5. Prohibiting more than one tax credit on the same facility.
6. Focusing on marketing the assets of the State, rather than leading with incentives.

Please note that the legislation that created and governs the EDGE Tax Credit Program expired on April 31, 2017. The Department will not be allowed to enter into any new tax credit agreements after that date. The Department maintains that EDGE has been a useful and beneficial incentive tool for economic development across the state, but that the above policy changes should be solidified by the General Assembly to bring the current program into the modern economy.

EDGE TAX CREDIT PROGRAM SUMMARY

DCEO has received 1,144 EDGE applications from **Dec. 22, 1999 through Dec. 31, 2016.**

An overview of these 1,144 applications is as follows:

888	EDGE applications approved
256	EDGE applications withdrawn
0	EDGE applications pending approval
859	Signed EDGE Agreements
1,914	Tax Certificates issued
245	Number of different companies who received Tax Certificates
\$1.469 B	Total amount of tax credits issued
37,122	Number of Jobs Created reported as of 12/31/16*
48,731	Number of Jobs Retained reported as of 12/31/16*

*The numbers represent the cumulative Jobs Created and Jobs Retained numbers reported by companies with active EDGE Agreements and do not include any Jobs Created or Jobs Retained by companies whose EDGE Agreements have expired or have been terminated.

The following is a summary of tax certificates issued since 2001 and amounts claimed by recipients.

Fiscal Year	Amount of EDGE Credit Used to Offset Corporate Income Tax Liability Per the Comptroller's Tax Expenditures Report	Amount of EDGE Credit Used to Offset Individual Income Tax Liability Per the Comptroller's Tax Expenditures Report	Value of EDGE Tax Credits Certificates Issued by DCEO
2001	\$0	\$0	\$6,510,316
2002	\$190,000	**	\$11,929,375
2003	\$3,330,000	**	\$22,898,697
2004	\$5,200,000	**	\$29,293,557
2005	\$9,082,000	**	\$35,885,149
2006	\$13,614,000	\$99,000	\$43,050,873
2007	\$24,862,000	\$4,717,000	\$60,825,257
2008	\$23,534,000	\$4,981,000	\$69,145,879
2009	\$25,567,000	\$3,651,000	\$68,090,549
2010	\$34,766,000	\$691,000	\$82,862,058
2011	\$36,149,000	\$3,082,000	\$163,243,486
2012	\$31,259,000	\$9,207,000	\$202,545,923
2013	\$45,085,000	\$38,943,000	\$116,548,826
2014	\$58,873,000	\$37,762,000	\$206,524,531
2015	\$90,757,000	\$45,760,000	\$215,118,188
2016	*	*	\$147,607,895
Total	\$402,268,000	\$148,893,000	\$1,482,080,559

* 2016 Tax Expenditure Report Not Yet Available

** Amount of Individual Income Tax Credits Not Reported Separately for EDGE

The following is a summary of the projects, which were approved in calendar year 2016 (January 1, 2016 through December 31, 2016). This data is a compilation of the job creation, job retention and Capital Investment requirements detailed on the individual EDGE Tax Credit Approval Letter's issued to the corresponding companies.

DESCRIPTION OF EDGE PROJECTS

The following is a description of the projects submitted and approved by the Illinois Department of Commerce in calendar year 2016, which began on January 1, 2016 and ended December 31, 2016.

AArete, LLC

AArete will be expanding its Company by relocating its Headquarters office within Chicago, Illinois. The expansion will include a Capital Investment of \$1,086,784. The investment will consist of \$200,000 in lease hold improvements, \$100,000 in equipment purchases and 10 years of lease payments totaling \$845,362

discounted at three percent (3%) for a Net Present Value of \$716,784. The project will result in the creation of 10 new full-time jobs above a baseline of 71 existing full-time jobs in Chicago. The Company considered relocating to Milwaukee, Wisconsin.

Abrasive Form, LLC

Abrasive Form LLC will be expanding its operation across all four of its Illinois locations. The Company will be making a Capital Investment of at least \$5,950,273 for the purchase of equipment. The project will result in the creation of 20 new full-time jobs in Elgin, 20 new full-time jobs in Glendale Heights, 40 new full-time jobs in Bloomingdale, and 8 new full-time jobs in West Chicago for a total of 88 new full-time jobs at the project site above a baseline of 228 existing full-time jobs in Illinois. The Company considered Pennsylvania as an alternative expansion site.

Accuity Inc.

Accuity's current lease has expired. The Company's office space in Skokie, Illinois is not strategically situated in the market to meet business needs. Due to continued business growth, Accuity will relocate to Evanston Illinois. The Company will be making a Capital Investment of \$12,353,827. The Capital Investment will consist of \$600,000 for the purchase of IT equipment, \$2,200,000 in leasehold improvement, and 10 years of lease payments totaling \$11,200,000 discounted at 3% for a Net Present Value of \$9,553,827. The project will result in the creation of 25 new full-time jobs. The Company considered Georgia as an alternate site for this project.

Aeris Communications, LLC

Aeris will be moving from its current location at 430 W Erie Chicago, Illinois to a larger facility at 435 N LaSalle St. #4000 in Chicago. The move will include a Capital Investment in the amount of \$5,005,347. The investment will consist of \$300,000 in equipment purchases, \$500,000 in leasehold improvements, and 10 years of lease payments totaling \$4,929,950 discounted at 3% for a Net Present Value of \$4,205,374. The project will result in the creation of 50 full-time jobs in Chicago above the current baseline of 14 existing full-time jobs. The Company considered Texas as an alternate site for this project.

Ahead, Inc.

AHEAD will be expanding by relocating its operations from 150 S. Wacker in Chicago to a separate downtown Chicago location at 401 N. Michigan Avenue that can support its growth. The expansion will include a Capital Investment of \$6,813,408. The investment will consist of \$500,000 in lease hold improvements and 10 years of lease payments totaling \$7,401,241 discounted at 3% for a Net Present Value \$6,313,408. The project will result in the creation of 25 new full-time jobs above the baseline of 133 existing jobs in Illinois. The Company considered Charlotte, North Carolina as an alternate site for this project.

AKHAN Semiconductor, Inc.

AKHAN will consolidate all manufacturing and corporate activity within a single location at 1020 S Lakeside in Gurnee, Illinois. The Company will be making a \$15,000,000 Capital Investment. The investment will include the purchase of a building for \$7,000,000, construction in the amount of \$2,000,000, and the purchase of equipment in the amount of \$6,000,000. The project is expected to create 80 new jobs in Gurnee. The Company considered Indiana as an alternate site for this project.

Amazon.com.dedc.LLC / Aurora

Amazon will expand its fulfillment network by leasing a 954,720 square foot warehouse facility at 2865 Duke Parkway in Aurora, Illinois to serve as an inbound receiving center. The facility will receive large shipments of products that would be distributed in smaller shipments to various fulfillment centers in the United States. The

Company will be making a \$45,000,000 Capital Investment in this project by October 12, 2018. This Capital Investment will consist of \$20,000,000 in tenant improvements and \$25,000,000 in machinery and equipment. The project will result in the creation of 1,200 full-time jobs in Aurora. The Company considered Texas as an alternate site for this project.

Amazon.com.dedc, LLC / Joliet

Amazon will expand its fulfillment network by leasing an 820,000 square foot warehouse facility at 401 Laraway Road in Joliet, Illinois and to serve as inbound receiving center. The facility will receive large shipments of products that would be distributed in smaller shipments to various fulfillment centers in the United States. The Company will be making a \$40,000,000 Capital Investment in this project by May 24, 2107. This Capital Investment will consist of \$10,000,000 in tenant improvements and \$30,000,000 in machinery and equipment. The project will result in the creation of 1,500 full-time jobs in Joliet, IL.

Amazon will also expand its fulfillment network by adding a second fulfillment center at 201 Emerald Drive in Joliet, Illinois by April 19, 2018. The additional Joliet site will consist of an existing 747,000 square foot building to be leased. The Company will make an additional Capital Investment of \$115,000,000. This investment will consist of \$75,000,000 in equipment purchases and \$40,000,000 for leasehold improvements. The Company will also create an additional 2,000 full-time jobs in Joliet by April 19, 2018. The Company considered Texas as an alternate site for this project.

Amazon.com.dedc, LLC / Monee

Amazon will expand its fulfillment network by leasing a distribution center in Monee, IL. The project location is a build-to-suit 855,000 square foot building on Manhattan Road. The project will include a Capital Investment of \$200,000,000. The investment will consist of \$150,000,000 in equipment purchases and \$50,000,000 in leasehold improvements to personalize the interior for sorting operations. The project will result in the creation of 2,500 full-time jobs in Monee. The Company considered Texas as an alternate site for this project.

AMS Mechanical Systems, Inc.

The Company will be moving to a newly constructed 145,000 square foot facility in Woodridge, Illinois. The Company will make a Capital Investment of \$9,717,867. The investment will consist of \$1,000,000 for the purchase of equipment and 10 years of lease payments totaling \$10,220,000 discounted at 3% for a Net Present Value of \$8,717,867.
